Dear Ms. Toossi:

This letter is to inform you that the Department of Toxic Substances Control (DTSC) has received your March 1, 2008 revisions to the Hazardous Waste Operation Plan of January 1, 2007 (Revised OP) for your hazardous waste storage facility located at 2918 Worther Avenue, Los Angeles County (facility).

You submitted a Hazardous Waste Facility Permit Renewal Operation Plan to DTSC on January 1, 2007. After review the application for technical completeness, DTSC sent you a Notice of Deficiency (NOD) letter on January 14, 2008. In response to the NOD letter, you submitted the revised OP to DTSC on March 1, 2008.

DTSC has carefully reviewed your Revised OP and requested additional information and as a result, held a meeting with you on July 21, 2008. In the meeting, you provided the additional information requested by DTSC. The additional information was added in the revised OP. DTSC now concludes that the revised OP is administratively and technically completed. This means that DTSC will initiate to prepare a hazardous waste facility permit (Permit). DTSC will also prepare a Statement of Findings for the California Environmental Quality Act (CEQA). The draft Permit, the CEQA Notice of Findings will be public noticed soon.
